

# Multi Gas/Vapor Cartridges

Issue Date 01/01/04

## Cartridge Selection Simplified

**3M™ Multi Gas/Vapor Cartridges combine the protection offered by five different cartridges into one simple-to-use cartridge.**

### Simplicity

3M multi gas/vapor cartridges help:

- Simplify cartridge selection and respirator training.
- Reduce inventory costs.

3M multi gas/vapor cartridges are also available with permanently attached P100 filters.

### Versatility

The multi gas/vapor cartridges can be used with a variety of 3M facepieces:

- 3M™ Half Facepiece Respirators 5000 Series, Maintenance Free.
- 3M™ Half Face and Full Facepieces 6000 and 7000 Series.

### Protection

- 3M multi gas/vapor cartridges are NIOSH approved for ten types of contaminants.

**3M™ Multi Gas/Vapor Cartridges shown with 3M™ Full Facepiece 6000 Series and 3M™ Organic Vapor Monitor 3510.**

- Cartridges offer protection against a wide range of contaminants found in many different industries, including:
  - Petrochemical and chemical processing
  - Utilities
  - Mining
  - Pulp and paper manufacturing
  - Pharmaceuticals

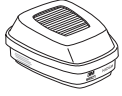

**⚠ WARNING**

**These cartridges help reduce exposure to certain airborne contaminants. Misuse may result in sickness or death. Before use, the wearer must read and understand *User Instructions* provided as a part of product packaging. Time use limitations may apply. For proper use, see supervisor, packaging or call 3M OH&ESD Technical Service, call 1-800-243-4630. In Canada, call 1-800-267-4414.**

## 3M™ Multi Gas/Vapor Cartridges

### Ordering Information

	Part No.	Description	Quantity
	5106	Maintenance-free multi gas/vapor respirator, small	12/case
	5206	Maintenance-free multi gas/vapor respirator, medium	12/case
	5306	Maintenance-free multi gas/vapor respirator, large	12/case
	6006	Multi gas/vapor cartridge	60/case
	60926	Multi gas/vapor—P100 cartridge	60/case
3M™ Multi gas/vapor Cartridges are approved for use with the 3M™ 5000, 6000 and 7000 Series Facepieces.			

### NIOSH approved

Organic Vapors  
Chlorine  
Hydrogen Chloride  
Sulfur Dioxide  
Hydrogen Fluoride  
Chlorine Dioxide  
Hydrogen Sulfide (escape only)  
Ammonia  
Methylamine  
Formaldehyde

All multi gas/vapor cartridges/filter assemblies can be used up to the NIOSH approval limits, ten times the permissible exposure limit (PEL) for half facepieces, 50 times the PEL for full facepieces, when quantitatively fit tested, or the maximum use concentration allowable in applicable OSHA standards, whichever is lower.
